

Account & Usage

Copy the same ui for Warmchats

Please implement Settings → Account & Usage page exactly as an overview/settings page.

Layout: Left column:

- Profile Information
- Security

Right column:

- Plan & Billing summary
- Usage This Month summary

Sections:

1. Profile Information Fields:
 - Full Name
 - Company Name
 - About Your Business Button:
 - Save Changes
1. Security Fields:
 - Current Password
 - New Password Button:
 - Update Password
1. Plan & Billing summary Show:
 - current plan name
 - monthly price
 - included limits/features
 - Upgrade Plan button
1. Usage This Month Show:
 - Emails used / limit
 - SMS used / limit
 - AI used / limit
 - progress bars
 - warning state near limits

Important:

- this page is NOT full billing management
- do not add invoices or payment method here
- keep it lightweight as an overview page
- use current design style from mock

- desktop = 2 columns, mobile = stacked
